Business Systems Ltd

About Us

Minerva Business Systems Ltd. (MBS) is a privately owned organisation based in Edinburgh. We are focused on providing our clients the best in Business Solution and Human Resource Software from understanding your business requirements and by creating a strong working relationship. Being based in the UK enables MBS to provide clients with the standard of services and support they would expect.

MBS Mission Statement

Minerva Business Systems Ltd. Is Committed To:

- Providing our customers with professional and affordable products, services and support.
- Developing and testing all our products, to be fast, reliable and user friendly.
- Gathering feedback and tracking our products, to ensure they are fully functional and up to date.
- Providing our staff with ongoing training and an excellent working environment, to allow personal and company development.

MBS Support and Training

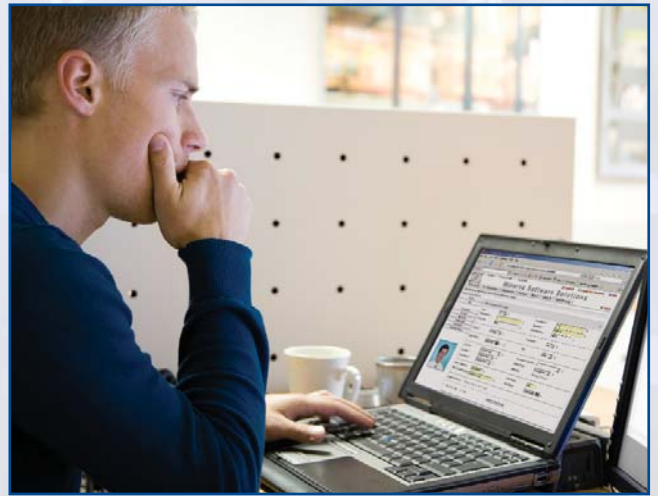

It is the aim of MBS to offer quality support and training from the outset. You will receive a free introductory training session and thereafter a range of online/telephone support is available, at no extra cost. Onsite training and support is also available to ensure you get the most from our packages'.

Costing

We want to ensure that our products provide good value for money, no matter the size of your company. We aim to provide software and services that are adaptable to your company requirements, at a realistic price.

Continual Development

At MBS we aim to continue improving our products and services. Feedback, of any description, from our clients is what drives us forward - Ensuring you always benefit from using any MBS product.
